Hon. Vernon S. Broderick,

**Motion for Time Extension**

USDC SDNY  
DOCUMENT  
ELECTRONICALLY FILED  
DOC #:  
DATE FILED: 3-19-20

I am the petitioner in the above-captioned case, being duly sworn deposes and says:

1. I am seeking a time extension for the Third Amended Complaint to be equivalent to the date of April 20th 2020 (from March 27th, 2020) in which April 20th 2020 is the same date given to me to submit opposition to the large amount of replies I had recently received the week of March 9th, 2020.
2. My reasons for seeking a time extension request is because I am in college at SUNY Broome full time. Reference exhibit A.
3. My second reason is that not only am I overwhelmed by this matter with my schedule of school work for 3 law classes and paralegalism course, but the amount of filings produced from the opposition parties fighting to legitimize their taking my child and keeping my child wrongfully, with fresh allegations that was completely off the topic from the filed complaint in this matter to support their seeking dismissal of my complaint of fraud against them rather than providing proof if they actually could that they did not commit fraud by producing the actual documents that I had described of instead of new allegations that do not support a legal standard from the record to legitimately violate my 14th amendment, 8th amendment, equal protection clause, procedural due process civil rights that I have alleged that the defendant parties and their privy parties have violated in this complaint matter and that I can prove they violated, in a fraud scheme, malicious prosecution scheme, and abuse of the processes using the family court system for their scheme. Additionally they was informed timely on the court record of facts that they chose to continue with a fraudulent misrepresentation case and commit **Honest service fraud** therein exactly as some of the opposition replies have attempted to further to this court, in a falsified presentation of defenses to their "actions" or "lack of".  
I can assure you that Little Flower and each party per their new complaints scandalized themselves in their own proveable actions of violations committed in my case that defendants actions caused the deprivation and loss of my civil rights above-mentioned

secured in the United States Constitution. Therefore, granting me a time extension will not cause any of the defendants any harm that they have not caused themselves. Wherefore, for the above reasons I am seeking a time extension, and praying that Hon. V. Broderick grants this motion of time extension request.
